DEATHMATCH ★ 7 RGB EDITION

Model: 8805RGB

Deathmatch 7: Your transparent case

The Deathmatch 7 - Spirit of Gamer case will be perfect for a high-performance Gaming configuration with RGB LEDs, with 4 colors: White, Red, Green and Blue as well as its 3 predefined RGB modes.

It is compatible with **ATX,** micro-ATX and mini-ITX motherboards and can accommodate a **370 mm long graphics card**. Its innovative gaming design and transparent tempered glass sides bring a unique style that is highlighted by the three Dual Ring fans on the 120 mm front panel with RGB LEDs.

A generous interior space

Designed to accommodate a high-performance configuration, the Spirit Of Gamer Deathmatch 7 chassis is spacious and robust, for the installation of all your IT components including 2 x 2.5"/3.5" bays and 7 PCI slots.

Efficient RGB cooling

With a total of **4 RGB LED fans of 120 mm** in front and rear, the Deathmatch 10 offers excellent heat dissipation and unique illumination in your box. Thanks to the placement of the power supply on the lower part of the housing, the air flow is not hindered by any obstacle.

This case incorporates two **dust filters** to protect all your components from dirt and to remove dust quickly. The presence of RGB LED fans combines with the superb black casing coating to enhance the elegance of the case!

FEATURES
