SPIRIT OF GAMER XPERT-M500 MOUSE

On the road to success

Put all the chances on your side with the SOG Xpert-M500 mouse and its high definition optical sensor. With its adjustable resolution up to 8000 dpi, it will provide you with ideal accuracy. Also discover 7 programmable buttons including a special Quick-Fire button and a 7-color backlight to customize your mouse according to your desires.

This model has an adjustable weight system to suit everyone's preferences, a 30G acceleration. A true gaming partner, this Spirit of Gamer mouse will allow you to save up to 5 game profiles thanks to its embedded memory and dedicated software. The latter will allow you to manage all the settings of the Xpert-M500 mouse, from light effects to button functions. Its nylon cable is braided and reinforced length 180 cm (±3cm), and 3 mm diameter will give you maximum fluidity of movement.

It also offers multilingual software for use and configuration: English, French, Spanish, German or Italian.
