PHOENIX

Model: 8900A

The ADVANCE brand is honored to present you
its PHOENIX box which is dedicated to gamers looking for a boldly designed box with RGB LEDs and a tempered glass side panel for a constant view of your setup. Its elegant and futuristic gaming format allows it to host a configuration based on an ATX motherboard or micro ATX.

The PHOENIX has 7 extension slots, 2 fans of 120 mm including an RGB and will allow you to integrate a 160mm CPU, a 310mm VGA, 6 other coolers (slots : top: 2x120mm; power supply: 2x120mm; front: 2x120mm OR 3x140mm) or watercooling (rear: 120mm; top: 120mm/240mm; front: 120mm/240mm/280mm) to ensure processor cooling.

Designed to accommodate a configuration dedicated to gaming, the PHOENIX box has a generous interior space to accommodate the most powerful components. With 2.5" SSD /3.5" HDD bays (OR 3 2.5" SSD bays / 1 3.5" HDD bay) for storage and a large external connector, you have many possibilities to connect hard disks and other devices.
Its RGB backlight with no less than 20 modes is configurable according to your wishes and brings an assumed gaming touch (AURA / RGB Fusion Ready / MSI Mystic / ASROCK compatible).
