AIRBLADE 800 RGB 17" COOLER

AIRBLADE 800 RGB

Gaming Laptop Cooler Division

Optimal cooling: 1 silent 17 cm fan quickly cools your laptop for even more intensive gaming sessions! Thanks to its micro-perforated cellular coating, AirBlade 800 RGB offers a dynamic cold air flow for maximum cooling. On the design side, the RGB LED bars integrated on the sides offer an ultra gamer style. Choose your style from 7 RGB modes: Rainbow breathing, Laser, Pixel or Flashing light.

Take control: AirBlade 800 RGB is equipped with an LCD controller. This will allow you to turn the cooler on or off, adjust the fan power with its 6 speeds and select the RGB backlight mode.

Model: SOG-VE800RGB

2 USB ports for maximum efficiency: AirBlade 800 RGB is powered by your laptop via the USB port (5V): it does not require an power adapter. Another USB port is included to connect different devices, such as a Spirit of Gamer mouse for example!

Ergonomic design with 5 adjustable positions: AirBlade 800 RGB offers true visual comfort and avoids uncomfortable and painful postures. Adjust the inclination according to your needs: 0°, 18°, 28°, 35° and 40°.

Compatible with laptops up to 17 inches: AirBlade 800 RGB measures 40 x 29 x 3.8 cm. With its powerful ventilation system, AirBlade 800 RGB also helps to preserve the performance and durability of your notebook's computer components.
