# MINI SPEAKER POPPY BLUETOOTH - 3W RMS

Model: SP-FY24A

**Special melo-nomad: A Bluetooth 3.0 speaker with a pop art look and take everywhere!**

**IN SHORT.**

**The CAMPUS mini Bluetooth speaker, POPPY MUSIC, announces the color with its 4 interchangeable 60's inspired shells! This ball of sound offers music in Bluetooth 3.0 to all nomads since it fits in the pocket!**

**POPPY, Flower Power !**

O.U.C.I alert in sight! This new Identifiable **Ultra-Connected Object** is the latest addition to the CAMPUS brand: a mini pocket speaker in ultra-pop colors like Warhol!

The POPPY has an undeniable asset that will seduce all the melomanistas and other gadgetophiles who would like to live or (re) live Woodstock!

Inspired by pop and pep's, CAMPUS has imagined a color palette straight out of the sixties and the famous psychedelic wave.

Thus, the brand provides **4 color shells** with the mini speaker. Which allows to **interchange the shells according to the desire!** The top is to match its speaker POPPY with the shell of the smartphone!

The POPPY is available in the following colors:

**- Poppy red**

**- Meadow green**

**- Azure blue**

**- Lavender gray**

Then, for all those who have the habit of wearing their enclosure on the wrist, CAMPUS also provides a wrist strap to avoid unfortunate falls.

**A real Must-Have this little POPPY Color Block!**

POPPY in the Pocket!

But the small speaker is not only lookée ...

Indeed, POPPY MUSIC uses **Bluetooth 3.0 technology**. Fast and efficient, Bluetooth allows you to connect to a smartphone or a player, so that in 2 beats 3 movements the good sound of Elvis resonates in the small vintage speaker!

The POPPY MUSIC is therefore dedicated to all mobile musicophiles since with its mini format, it slips into all pockets.

And then, the small sound ball **works up to 10 meters**, so no need to tape the speaker to the smartphone!

Side life, the POPPY MUSIC ensures a good night without sleep since it has a **battery life of 8 hours** before going through the box. What to dance the jerk or madison all night!

The small POPPY also has a **built-in microphone** to ensure **the hands-free kit function**, ideal for having conversations in loudspeaker and with style!

**Here is an original idea to slide under the Christmas tree!**
